<title>Internship Opportunity</title>

<p id ="whatIsThisAbout?">
    We are working on a product for gauging the best of public opinion
  during this IPL. This product is a part of a larger vision - To build a
  social platform for free expression
    Version 0 of this product is built by a college grad in under 2 weeks.
  We are looking for more college grads to join us in improving and scaling
  this over the next 2 months (Roughly 3 hours per day of work)
</p>

<div id ="skillsRequired">
    <p id ="mandatory">
        MERN stack and AWS. React is Mandatory. If you are a beginner in
    others, but are super good at learning fast, that should be fine
    </p>
    <p id ="goodToHave">
        Interest in Data Structures and Algorithms
        Interest in Cricket
    </p>
    <p id ="shortlistCriteria">
        We believe that a few talents shouldn't be bound by set rules. So,
    there are no restrictions. Skill is all that matters. Add links to the
    projects you worked in the resume
    </p>
</div>

<div id ="whatDoYouGet">
    <p id ="ifTheStartupFails">
        Experience working on something live with some amazing folks
    </p>
    <p id ="ifWeGetFunded">
        document.getElementById("ifTheStartupFails") + INR 20,000 per month
    + Full time offer, based on performance
    </p>
</div>

<p id="goodLuck">
    Drop your resume at annadanamr2019@email.iimcal.ac.in and we will get
  back to you
    Looking forward to working with the best of you!
</p>
